### About Startup and Innovation cell:

Startup and Innovation Cell is established to promote innovation in the college through multitudinous modes leading to innovation and advancing the eco-system. The students run the cell to practice and encourage entrepreneurship in the institute communities and explore entrepreneurship as a career option. Faculty representatives are the facilitator to help the students develop an entrepreneurial mindset and refine their leadership skills.

### Objectives of Startup and Innovation cell:

1. To develop entrepreneurial skills among students and faculty members.
2. To inculcate a culture of innovation-driven entrepreneurship.
3. To promote new technology/ knowledge/ innovation-based startups.
4. To build a vibrant startup ecosystem, by establishing a network between academia, financial institutions, industries, and other institutes.

### Functions of Startup and Innovation cell:

1. **Developing entrepreneurial skills:** Teaching students and faculty business planning, market analysis, financial management, and leadership.
2. **Promoting innovation:** Encouraging a culture of innovation-driven entrepreneurship and new technology-based startups.
3. **Creating a startup ecosystem:** Building a network between academia, industries, financial institutions, and other institutes.
4. **Providing platforms for ideas:** Giving ideas with potential to become successful products or services a platform to develop.
5. **Fostering out-of-the-box thinking:** Promoting creativity, design thinking, and entrepreneurship in schools.
6. **Inculcating values:** Teaching students values like innovation, integrity, and inclusiveness.
7. **Conducting events:** Organizing events like workshops, lecture series, and competitions to promote innovation.
8. **Providing wherewithal to entrepreneurs:** Giving prospective entrepreneurs the resources to take their ideas forward.
